

Are you crazy about technology?

We are looking for a:

**Quality Assurance employee
(Fulltime)**

Organization Profile

MSI Computer Europe is one of the 12 subsidiaries of Micro-Star International Co Ltd., a leading worldwide manufacturer of computer components including Motherboards, Graphics Cards, Notebooks, Desktops, Monitors and Gaming Gear. MSI Computer Europe is responsible for Product Marketing, After-sales & Service and Logistics of MSI products for the European region. MSI Computer Europe is located in Son (Eindhoven) with about 45 employees, selling its products through its distributors and dealer network to the end-users.

The Job Function

The Department consists of a self-organizing team of 1 Product Quality Controller and 2 Quality Assurance employees. Every day the team starts their day with a department meeting to discuss the planning, divide the tasks and evaluate previous work.

The main responsibilities of a Quality Assurance employee are:

- ✓ Assemble and disassemble desktop or notebooks
- ✓ Adding components to desktop or notebooks
- ✓ Relabeling
- ✓ Testing
- ✓ Quality inspection and quality monitoring
- ✓ Swapping keyboard & mouse
- ✓ Planning and organizing rework orders
- ✓ Problem analysis and -solving
- ✓ Communicate and fulfill requests from HQ and entity offices

What do we ask of our new Quality Assurance employee

- ✓ Speak English, Dutch (pre).
- ✓ Willing to learn
- ✓ Like to assemble and disassemble desktop or notebook

Required Competences and Personality

In order to be successful at MSI you must possess the three company core values: Accountability, Execution and Teamwork.

Besides the core values the ideal candidate possesses the ability to work within a team. Together with your team, you are responsible for the department. Because of the products you are working with it is important you are able to think logical and work scrupulous.

Here's what we offer

At MSI Computer Europe B.V. we offer a professional, dynamic, international working environment with short communication lines, in which you can operate independently. The employment package is competitive and depends on level of experience and knowledge.

- ✓ You are part of a growing international organization.
- ✓ Informal atmosphere.
- ✓ Regular team activities.
- ✓ Travel allowance.
- ✓ Collective health care insurance.
- ✓ Sports and games facilities.
